

Primary 1 April News

Welcome to Spring everyone!
In case you have not heard, Ms. Nina is back. Nathaniel Bruce Wilson was born on 3-7. He is 8 lb. 14 oz. He is very sweet and growing fast!

This month we are studying Australia. We will be looking at the birds and mammals of Australia and begin moving into South America at the end of the month. Anything you have to contribute to our Australia curriculum would be wonderful!

The children love having parents come into the classroom to visit. If you would like to come into the room some morning to read with the children or do a cooking project with the children, please let Ms. Nina or Ms. Jan know. It will be so much fun!

Earth Day is coming up on April 22. We will be celebrating and doing Earth Day activities with the children. If you would like to join us, you are welcome!

Summer is quickly approaching! We are gathering recycled items for summer camp. These items include jars, boxes, plastic bottles, leftover art supplies, egg cartons, etc. Anything you could bring in for our supplies would be wonderful. We have a full curriculum set up for the summer with numerous enrichment activities and lots of visitors. See the calendars up front! If you any questions, please ask the office or Ms. Nina. We have several new activities and events going on this summer; we hope you will join in the fun!
