

P4 December Newsletter

Dear Parents,

Hello and we hope that all is well during this festive season!!

This month we will continue to study the continent of Europe. The virtue of study this month will be "My Light." We have already discussed just what it means to 'have' an inside light and how to recognize this special light in others. We will expand on this virtue with some extra activities during circle time. This should be great fun!!

The month of December is always such a short month for school. Please remember to pack snow gear for your child. Snow boots, gloves or mittens, hats and even snow pants are advisable. We will always go out to play if it is above 30 degrees. If it is snowing or raining excessively, we will stay in. Thank you so much.

Also, please remember to always have **TWO** sets of clothing (pants, tops, underwear, socks) either in your child's cubby or in her backpack. This makes it easier whenever there is an accident/emergency. Thank you!!

The next due date for the Scholastic Book Club will be **Monday, December 8, 2008**. Thank you to the parents who have been faithful in their orders each month! Also, thank you to the parents who purchased a "Gift for Our Class" certificate. The children definitely love to see the new books in our classroom.

We will end by saying that we hope you and your loved ones have a wonderful holiday season and you return with your child happy and healthy and ready to begin a new year on **January 5, 2009!!**

Here are some dates to remember:

***December 11th - Winter Program, 7p.m.**

***December 22nd - January 2nd, Christmas Break**

With Love,

Ms. Angelina and Ms. Wendy
